# About County Government

## ROLE OF COUNTY GOVERNMENT

County Government is Maine's oldest form of government, pre-dating statehood and even the Declaration of Independence. Maine has 16 counties. The County is the only form of regional government whose officials are directly elected by the voters. There has always been a role for county government, providing democratic institutions that operate at the regional level between municipalities and the state. This briefly describes the many functions of county government today. If you would like to know more about county government, call your county office or the Maine County Commissioners Association (MCCA) for more information.

## COUNTY COMMISSIONERS

The voters in each of Maine's 16 counties elect three, five or seven commissioners to four-year terms to oversee the operation of county government. Each commissioner serves a separate district within the county. Commissioners, as the counties' chief elected officials, are ultimately responsible for the fiscal operations and policy decisions affecting county government. Additional duties include municipal tax abatement appeals and hearings on maintenance of town roads. They also serve, in effect, as the municipal officials in Maine's many unorganized territories.

## LAW ENFORCEMENT AND CIVIL PROCESS

Maine's 16 county sheriff's offices are responsible for the majority of criminal investigations in rural Maine and handle a large share of rural highway patrol. County sheriff's offices are also responsible for serving all civil lawsuit complaints and related documents throughout the state.

## CORRECTIONS

Maine's 12 county jails, three county 72-hour holding facilities and two county re-entry centers are responsible for persons arrested by municipal, county and state law enforcement and probation officials. All inmates sentenced for Class D or E crimes serve sentences up to nine months per sentence in these county facilities. In addition, most adults sentenced for Class A, B, or C crimes to nine months or less serve their time in these county correctional facilities. The average daily inmate population in these county facilities in 2009 was 1,688 compared with 2,177 in the state's correctional facilities. Of the 1688, 58% 2,343 were awaiting trial or sentencing.

## **COUNTY TREASURERS**

Each county has an elected or an appointed Treasurer who maintains the county's financial records. The Treasurer is also responsible for investment of tax revenues.

## **REGISTRY OF PROBATE; PROBATE COURT**

The Probate Court system is under the jurisdiction of the Maine Supreme Court and funded by Maine's counties. The Probate Court handles all estates, as well as guardianship, conservatorship, changes of name, adoptions and other legal matters. Both the Probate Judge and the Register of Probate are elected positions in each county.

## **EMERGENCY MANAGEMENT AGENCY**

Each county operates an Emergency Management Agency which is responsible for the coordination of municipal and county-wide efforts in times of natural and man-made disasters and public health emergencies. Each county EMA must develop and maintain plans for coping with disasters, such as toxic chemical spills. Approximately half the cost of the EMA office is reimbursed by the federal government, and county government funds the other half.

## **PUBLIC HEALTH**

Counties, in conjunction with municipal governments and various private sector entities including hospitals, are playing an increasing role in organizing, overseeing and delivering public health services in the state. The purpose of county involvement is to augment services, as well as to add the critical component of local and regional government into newly developing public health infrastructure of eight Public Health Districts.

For example, Cumberland County and the City of Portland have embarked on a broad ranging collaborative effort in public health in partnership with existing public health and medical care providers to actually participate in providing public health services. The City of Bangor entered into a similar undertaking with the counties of Penobscot and Piscataquis. Sagadahoc County has initiated the Sagadahoc Health Improvement Project (S.H.I.P.). Other counties are examining their potential role in public health in an effort to better serve their citizens.

## **COUNTY/REGIONAL PUBLIC SAFETY ANSWERING AND DISPATCH SERVICES**

Counties continue to provide valuable public safety answering and dispatching services to fire, police and rescue departments in the surrounding municipalities. This coordinated approach gives smaller communities full-time, professional dispatch services they could not afford individually. Many large and small communities are now joining county-operated public safety answering points (PSAPs). To date, 10 Maine counties serve as the sole PSAP for their respective communities.

## **DISTRICT ATTORNEY**

County government provides extensive support for each of Maine's elected District Attorneys. This support includes office facilities, staff, equipment, and witness fees.

## **DISTRICT AND SUPERIOR COURTROOMS**

County government provides much of the state's District and Superior courtroom space. Superior Court space is provided at no charge to the state. This space has a rental value of in excess of \$1 million dollars.

## **UNORGANIZED TERRITORIES**

Much of Maine's land area is located outside of any organized municipality. The residents of these unorganized territories require the same services as residents of incorporated municipalities. County government provides these residents with services, including road and bridge maintenance, solid waste disposal, and public safety, while the state provides for education and land use planning.

## SOLID WASTE MANAGEMENT

Several of Maine's counties are taking the lead in solid waste management. Lincoln County is now in its 40th year of operating a recycling program. Franklin, Oxford, Penobscot, and Piscataquis Counties have formed regional solid waste planning commissions consisting of both public and private entities. By working through their county governments, local officials can develop a regional approach to the solid waste problem.

## ECONOMIC DEVELOPMENT

Several county governments assist regional economic development efforts through funding of programs. Franklin County funds The Greater Franklin Development Corporation, and Piscataquis County funds the Piscataquis County Economic Development Council. Both organizations promote the counties to prospective employers. Franklin County employs an Economic Development Director and Lincoln County funds an Economic Development Office and a County Planner. Waldo and Washington Counties help fund and oversee Job Opportunity Zones created by the Legislature.

## AIRPORTS

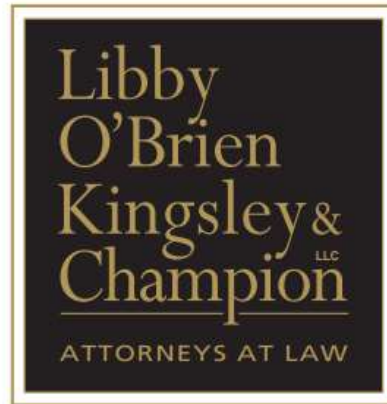

Hancock, Knox, and Oxford Counties own and maintain county airports. Aroostook, Somerset, and Washington Counties provide financial assistance to airports in their areas.

## WORKFORCE INVESTMENT ACT PROGRAM

Maine county commissioners are taking a lead role in the federal Workforce Investment Act program. In conjunction with local Workforce Investment Boards in three regional service delivery areas, they are overseeing approximately \$7,500,000 in federal job training and career development funds in all Maine counties in collaboration with the business community.

## HUMAN SERVICES AND OTHER PROGRAM FUNDING

Some counties provide grants to vital human service organizations, including daycare, elderly, mental health, and youth services. Without the private non-profit agencies, which provide these services, some level of government would have to provide services directly at greater cost to the taxpayer. Other programs supported by county government include the Cooperative Extension Service and Soil and Water Conservation Districts.

## REGISTRY OF DEEDS

The Registry of Deeds provides two main services to the people of the county. The office records all documents and survey plans submitted for public record that affect property within the boundaries of the county, and the Registry ensures all recorded documents are available to search on the public database/website. The Registry is governed by State Statute to permanently preserve all recorded property records, therefore, documents are microfilmed and stored in a secure location.

## RISK MANAGEMENT POOL

The Maine County Commissioners Association Self-Funded Risk Management Pool (the "Risk Pool") was created effective October 1, 1989 to provide property and casualty insurance-type coverage and services to its members. Seven member counties of the Maine County Commissioners Association served as the initial members of the Risk Pool. The creation of the Risk Pool followed a period of significant instability in the commercial insurance market, which resulted in many counties being unable to purchase commercial insurance coverage at a reasonable cost or having their commercial insurance policies non-renewed due to the liability and claims exposure associated with law enforcement and corrections activities. The Risk Pool was established to ensure that its members would always have coverage available to them, to stabilize member premiums, to retain all immunities and limitations on damages provided by the Maine Tort Claims Act, and to provide long-term savings for its members. The Risk Pool utilizes a risk pool manager to professionally direct and administer its program and advise its Board of Directors. Independent financial audits and actuarial loss reserve analyses are performed annually to ensure that the Risk Pool's financial position is secure and accurately reported. Since its inception in 1989, the Risk Pool has saved its members and their taxpayers millions of dollars in insurance premiums. The Risk Pool's members include all sixteen counties and the Lincoln and Sagadahoc Multicounty Jail Authority d/b/a Two Bridges Regional Jail.

Morrib16@nationwide.com

Nationwide, through its affiliated retirement plan service and product providers, has an endorsement relationship with the National Association of Counties (NACo). In addition, Nationwide may receive payments from mutual funds or their affiliates in connection to the variety of investment options offered to public sector retirement plans through variable annuity contracts, trust or custodial accounts. For more detail about Nationwide's endorsement relationships and/or payments Nationwide receives, please visit [NRSforu.com](http://NRSforu.com).

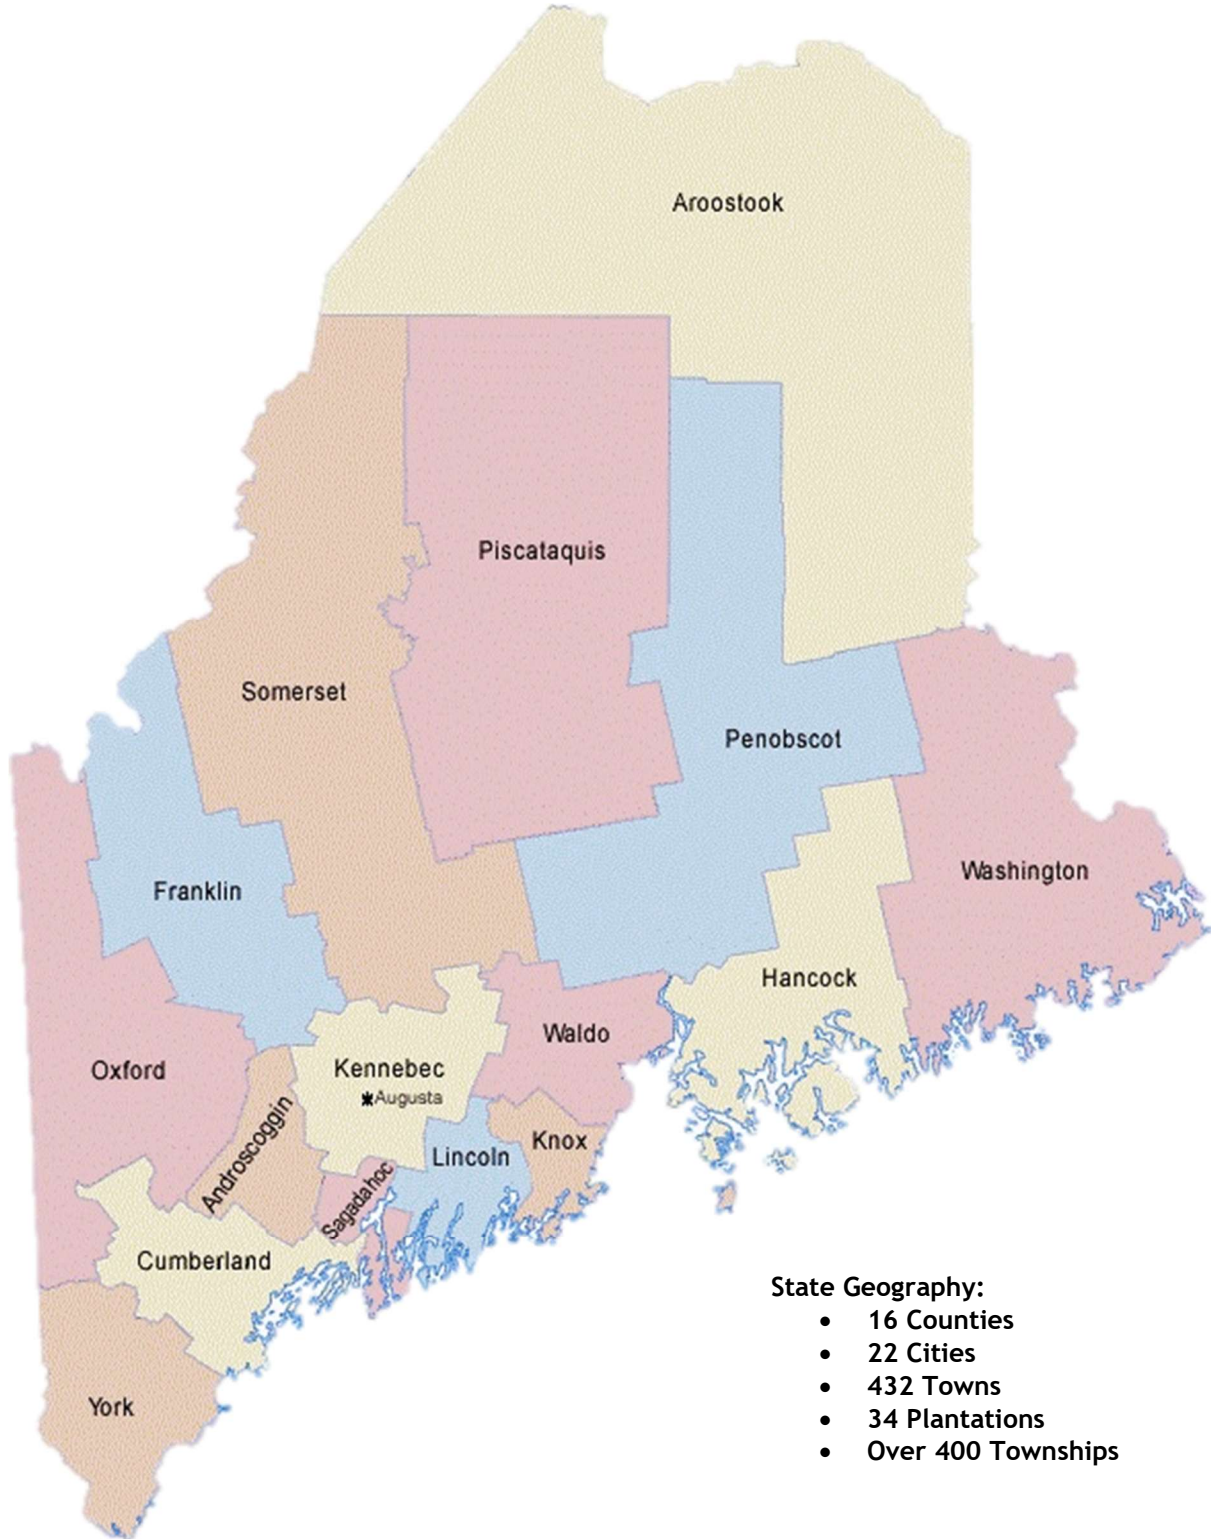

Nationwide Retirement Solutions (Nationwide) partners with the National Association of Counties (NACo) to provide counties and their employees with a competitive deferred compensation program. As part of this partnership, Nationwide pays a fee to NACo in exchange for NACo's exclusive endorsement, marketing support and program oversight of Nationwide products made available under the program. For more information, including fees paid, Nationwide encourages you to visit [NRSforu.com](http://NRSforu.com).

Nationwide, the Nationwide N & Eagle and Nationwide is on your side are service marks of Nationwide Mutual Insurance Company.
