Board of Directors' Meeting Minutes March 12, 2014

I. <u>Call to Order, Introductions and Attendance</u>

President William Blodgett called the meeting to order at 10:05 a.m.

DIRECTORS PRESENT: Androscoggin – Commissioner Beth Bell; Cumberland – Commissioner Thomas Coward; Franklin – Commissioner Gary McGrane; Hancock – Commissioner Steven Joy; Kennebec – Administrator Robert Devlin for Commissioner George Jabar II; Knox – Commissioner Roger Moody; Lincoln – Commissioner William Blodgett; Oxford – County Administrator Scott Cole for Commissioner Steve Merrill; Penobscot – Commissioner Peter Baldacci; Piscataquis – County Manager Marilyn Tourtelotte for Commissioner James Annis; Sagadahoc – County Administrator Pam Hile for Commissioner Charles Crosby; Somerset – Commissioner Robin Frost; Waldo – Commissioner Amy Fowler; York – Commissioner Sallie Chandler; MACCAM – County Administrator Bill Collins; MRDA – Linda Smith; MARP – Kathleen Ayers; MSA – Sheriff Todd Brackett; and MCAA – Mark Westrum

OTHERS PRESENT: Cumberland – County Manager Peter Crichton; Knox – County Administrator Andrew Hart; Lincoln – County Administrator John O'Connell; and Somerset – County Administrator Dawn DiBlasi

STAFF PRESENT: Executive Director, Rosemary Kulow; Risk Pool Manager, Malcolm Ulmer; and Administrative Assistant, Lauren Haven

II. Pledge of Allegiance

All present recited the Pledge of Allegiance.

III. Approval of/Additions to the Agenda

The agenda was approved as presented.

IV. Approval of February 12, 2014 Board of Directors' Meeting Minutes

<u>Comm. McGrane moved and Comm. Fowler seconded the approval of the February 12, 2014 minutes. The motion was approved unanimously.</u>

V. Old Business

Eight potential logo designs for MCCA were reviewed. After some discussion, it was agreed that variations on two of the designs would be considered at the next meeting.

VI. New Business

No new business was brought before the Board.

VII. Reports

A. Executive Director's & Financial Reports

The Commissioners reviewed the reports. Executive Director Rosemary Kulow touched on the completion of all MCCA dues for 2014, the anniversary of her first year as Executive Director, the State legislative update and the NACo conference. <u>Comm. Amy Fowler moved to accept the reports as submitted, seconded by Comm. McGrane. The reports were approved unanimously.</u>

B. Legislative Report

Executive Director Rosemary Kulow explained the list of current bills involving counties. The LPC meeting on Friday will be moved for those who would like to attend the 10:00 am work session that day. Some discussion took place on MCCA's position on whether or not the tax cap on Corrections should be raised. President Blodgett asked who was in favor of increasing the cap, and there was no support for increasing the tax cap at this time. Administrator Dawn DiBlasi followed the progress at the Legislature yesterday and believes a tax cap increase is no longer being considered.

The Board agreed that MCCA should continue to strengthen its relationship with the Maine Municipal Association as a partner and a resource. The information provided in the *Legislative Bulletin* each week is informative for county folks, as well.

It was agreed it would be beneficial to resolve the issue between the Board of Corrections and Somerset County. Discussion followed regarding how this could be accomplished. <u>Comm. Baldacci moved that MCCA should ask the Board of Corrections to reconsider its decision to appeal Supreme Court Justice Alexander's ruling on the Somerset County case; and the motion was seconded by President Blodgett. The vote was in favor, with one voting in opposition.</u>

County Administrator, Scott Cole, talked about LD 1177 An Act to Implement the Recommendations from the Discontinued and Abandoned Roads Stakeholder Group. Amendment language is being crafted and will be available soon. Some think the extra work required by this bill would cause an unfunded mandate and unfairly burden municipalities, while others think it's their job to maintain appropriate road records

and would also provide more revenue to County Registers of Deeds with the filing requirement.

- **C. Association Reports** No association reports were given.
- **D. Corrections Report** Col. Mark Westrum asked for guidance in how to proceed in fourth quarter with Appropriations. He explained three options and requested MCCA to take a position. After some deliberation, Comm. Peter Baldacci emphasized the growth rate formula needed to be set and applied to last year's budget. President Bill Blodgett took a poll and it was agreed that the growth rate should be set at 2%.
- **E.** Annual Convention Report (*York County*) Comm. Sallie Chandler reported that classes were now being selected for the convention. Next week participants should be able to book rooms at the Cliff House in Ogunquit.
- F. NACo Report Vice President, Peter Baldacci, reported on the 2014 NACo Legislative Conference he attended with County Manager, Peter Crichton and Executive Director, Rosemary Kulow. Comm. Baldacci, who is a member of the Public Safety Steering Committee, heard from speaker Karol Mason, Assistant U.S. Attorney General, who said her department was focusing on more community integration, better bail decisions and reduced recidivism. FEMA's Dep. Admin., Tim Manning, spoke about FEMA's becoming more survivor-centric and mentioned that county workers utilized for disaster work could do so at "straight time" pay. Flood insurance was another hot topic, as they are redeveloping flood zone assessment guidelines. Comm. Baldacci urged all counties to become members of NACo and take advantage of the services it offers. Currently, three of Maine's sixteen counties are not NACo members: Aroostook, Franklin, and Piscataquis.

VIII. Other Business

Mark Westrum asked for guidance on a position for FY15 corrections budgets. Two-thirds of those present indicated they support budgets using a growth factor, rather than flatfunding them.

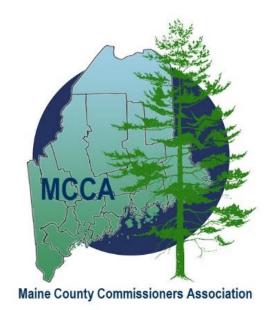

IX. Adjournment

<u>Motion</u> for adjournment was made by Comm. Amy Fowler, seconded by Comm. Steven Joy and approved unanimously at 11:55 a.m. The group adjourned to lunch.

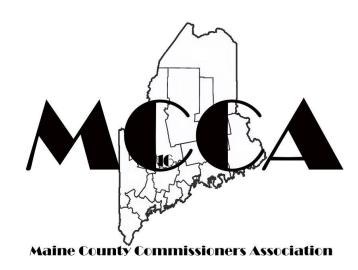

Respectfully submitted,

TO: State of Maine Legislators

FROM: Rosemary Kulow, MCCA Executive Director

DATE: April 3, 2014

RE: LD 1824 – An Act To Provide Additional Authority to the State Board of Corrections

Recently the Criminal Justice and Public Safety Committee concluded its deliberations on LD 1824 and voted that it "ought to pass." The legislation is the culmination of several months' work by a commission established by the Maine Legislature to evaluate the State Board of Corrections and county jail system. The commission presented a report to the Criminal Justice and Public Safety Committee; and from that report and input from stakeholders, LD 1824 was born. Many county-affiliated stakeholders, including County Commissioners, Managers/Administrators, Sheriffs, and Jail Administrators met together several times to reach consensus on a policy position regarding the proposed legislation.

We are delighted to report that this process has been very inclusive and collaborative in the best sense of the words, and Maine counties extend their heartfelt appreciation to all those who have worked so hard on this effort. We especially thank the members of the Commission to Study the Board of Corrections and the Criminal Justice & Public Safety Committee for carefully and comprehensively evaluating the county corrections system and developing workable legislation that will improve the system and its operations.

Listed below are highlights from the legislation that provide reasons to support LD 1824:

- It establishes a budget growth factor in accordance with Title 30-A, section 706-A (LD 1 limit) that enables jail budgets to grow to a limited degree, without removing the tax cap on jail expenditures for counties and municipalities.
- It clarifies the purpose of the Board to promote public safety and establish and implement a unified and efficient jail system.
- It provides benchmarks for performance that include increased standardization, economies of scales, a long-term capital improvement budget, consideration of mental health and substance abuse issues, and use of best practices.
- It provides authority to the Board of Corrections to manage inmate bed space and inmate transfers throughout the system.
- It changes board membership from nine members to five, yet it maintains one seat each for a county commissioner and a county sheriff or their designees.
- It ensures that mental health professionals and drug abuse experts will be consulted by the Board.

- It directs the Board to develop a plan to achieve systemic cost savings via standardization, cooperative purchasing, and use of efficiency standards.
- It allows for a county jail's personnel costs to increase at a higher rate than the growth rate as long as other budget categories make up the difference and the corrections budget as a whole does not exceed the established growth rate.
- It clarifies the role and responsibilities of the executive director and his staff.
- It provides for the development of financial policies and procedures for the system and establishes a state Operations Support Fund.
- It establishes the development of a ten-year capital investment plan and a capital reserve account to fund capital improvements.
- It requires a county jail holding jail debt on or before July 1, 2008 to submit to the County Corrections Capital Improvement Fund 25% of any revenues exceeding the budgeted costs of housing inmates with the remainder revenues being applied to the jail debt until the full discharge of that debt. A county jail without any jail debt must transfer 75% of any revenues exceeding the budgeted cost of housing inmates to the County Corrections Capital Improvement Fund.
- It standardizes budget and financial reporting formats and allows the Board to accept funds and apply for grants.
- It provides enforcement authority to the Board to address violations by counties and due process rules for the management of disputes.
- It prohibits counties from withdrawing from the system.
- It encourages the use of program incentives via use of electronic technology, standardization of programs and services, and joint purchasing.

Maine counties would greatly appreciate your support of LD 1824, as it will greatly enhance the management and proper funding of the county corrections system. Please vote **YES** on LD 1824! Thank you!

VI. B. Nominate Betsy Fitzgerald as the MCCA Representative to the Maine Library of Geographic Information

Maine Library of Geographic Information

In 2003 the Legislature created the GeoLibrary as an advisory board to reduce redundant and wasteful expenses in the course of purchasing geospatial mapping date used by state, federal and local governments. It was initially funded with a \$2.3 million dollar bond which attracted more than \$2.3 million in matching funds from other federal and local sources. The Board works continually through creative partnerships with a wide range of public and non-profit organizations to maximize the initial investments.

As part of this effort, the GeoLibrary initiated a five-year program to acquire fresh imagery of the State of Maine - orthoimagery. Orthoimagery is geometrically corrected aerial imagery that provides a comprehensive view of the earth's landscape and features. An ordinary image cannot be used to accurately measure distances between two objects because lenses can distort distance and size. A long lens will produce a very short perceived distance between two objects in an image, while in reality, they are very far apart. A wide-angle lens will distort images near the edges, making objects look wider or shorter than they truly are. Orthoimagery "flattens" the images specifically for mapping purposes. The first imagery was acquired in the spring of 2012. The program has taken advantage of the economy of scale from a statewide contract designed to acquire 24" base resolution imagery, or 1-meter resolution in the unorganized communities. The benefits of the statewide orthoimagery program are many; the most important being Forestry, Stormwater, and Transportation.

Light detection and ranging (LiDAR) is an optical remote sensing technology that can measure the properties of a target by illuminating it with pulses of light from a laser. The laser captures information in point clouds, which can then be used to determine the size, shape and distance of a target. Technicians can then use these point clouds to create contours, digital terrain models, and digital elevation models. These point clouds can then be used to provide a wealth of information to assist with tax assessment, determine ground cover or create maps that outline the best placement of solar panels. Other benefits of LiDAR include the value-added products such as: building footprints, impervious surfaces, vegetation classifications, transmission and utility maps and emergency response plans.

The Maine Library of Geographic Information's Advisory Board consists of: "One appointment of a statewide association of counties, appointed by the Governor from nominations made by the association's governing body".

MAINE COUNTY COMMISSIONERS ASSOCIATION

Executive Director's Report April 4, 2014

- Met with Kate Dufour of MMA to discuss working together on proposed legislation.
- Requested of two BOC members that they reconsider their position to appeal legal decision on BOC/Somerset County case. Was not successful in that regard.
- Recorded meeting minutes & prepared position statements on LD 1824 based on meeting participation and input. Prepared testimony and testified before CJPS. Staff kept LD list up-to-date and notified MCCA folks about legislative positions and activities.
- Currently collecting data and preparing an analysis of county plans for salaries/wages and sick and vacation leave for exempt employees.
- Arranged for audit and assisted with audit preparation.
- Assisted with recruitment for NACo membership.
- Wrote letters via email to U.S. Senators and Congressmen requesting their support for PILT funding for FY2015.
- Monitored and reported on financial activity.
- Prepared for and participated in meetings.

Meetings/Events since March 12, 2014 BOD Meeting

March 14	LPC conference call
March 17	At Legislature – CJPS
March 18	Attended BOC meeting at Marquardt Building
March 19	At Legislature – Taxation
March 21	At Legislature – CJPS
March 24	LPC conference call
	Joint meeting at Gov. Hill Mansion to develop position on LD 1824
March 25	Meeting at MCCA office & conference call to finalize LD 1824 position to CJPS
March 26	At Legislature – CJPS
March 28	At Legislature – CJPS
March 31	MACCAM meeting morning at MCCA
	At Legislature afternoon – CJPS
April 1	At Legislature afternoon – CJPS
April 2	At Legislature afternoon – AFA
April 4	LPC conference call meeting at 9:00 a.m.

Upcoming Planned Meetings/Events:

April	Follow-up on LD 1824 with Legislators, especially Appropriations & Financial Affairs
	Committee.
April 9	MCCA Risk Management Pool & Board of Directors' meetings
April 10-11	Audit
April 11	LPC conference call at 9:00 am, if needed
April 14	Patriots Day Holiday – MCCA office closed
April 15	Board of Corrections meeting at 1:00 pm

Respectfully submitted,

Rosemary E. Kulow Executive Director

MAINE COUNTY COMMISSIONERS ASSOCIATION

March 2014 Financial Report

Attached please find the monthly financial reports for the month of March 2014. The Balance Sheet shows total assets equaling \$245,738.61, with a bank balance of \$220,792.21 and \$24,746.40 in accounts receivable.

With about 25% of the year complete, the report shows that \$140,523 (56%) of the \$252,650 budgeted revenue has been received. This is 55.6% of total 2014 budgeted revenue. All counties have paid their membership dues, and the Risk Pool has been billed for the 2014 assessment of \$25,000. The 2013 Risk Pool assessment payment of \$25,000 was received in December when I was on vacation, so it was deposited the first week of January 2014.

Of the \$252,650 budgeted for 2014 expenditures, \$43,378 (17%) was expended through March 31st. A total of \$14,643, or 5.8% was expended in March. You will see that expenditures in account 6175 – Other Meetings, exceed the 25% level where they should be for this time of the year. That is due to the special joint meetings we've had at the Governor Hill Mansion to discuss the corrections bill, LD 1824. All other financial activity to-date is within budget, and there are no areas of concern at this time.

Please do not hesitate to let me know if you have any questions.

Respectfully submitted,
Hosemoury Chillone

Rosemary E. Kulow Executive Director

April 1, 2014

Dear Board of Commissioners Maine County Commissioners Association

The Governmental Accounting Standards Board (GASB) is issuing new standards that change the way pension plan expense and liabilities will be reported in governmental financial statements starting with fiscal years beginning on or after June 15, 2014 (FY2015 for most governmental employers). These new standards apply only to how you report your pension liabilities. They do not change your pension contributions or your pension liability.

These new accounting standards apply to your organization because you are a member of the MainePERS Participating Local District (PLD) Consolidated Plan.

MainePERS stays in regular contact with your staff to support your organization through the implementation of these changes. At the same time, we are hoping to provide you with a brief overview of these significant upcoming changes in retirement plan financial statement reporting.

GASB is enacting these changes through Statement Number 68, which establishes financial reporting standards for governmental employers who provide pensions to their employees through plans administered as trusts such as MainePERS. The most significant change this statement requires is that employers who were not previously required to include unfunded pension liabilities on their financial statements must do so beginning in FY2015.

Other significant changes include the way pension expense is reported and the extent of new notes to your financial statements. The following table briefly describes each new reporting element required by GASB 68. It also provides you with an approximation of the changes you will see in your financial reporting based on these new requirements. We created this approximation using your plan's FY2013 data. The actual numbers you will report in FY2015 will be determined at the end of the current fiscal year, or FY2014. Your FY2013 information as an employer in the Participating Local District (PLD) Consolidated Plan is as follows:

Employer: Maine County Commissioners Association

Net Pension Liability*	Pension Expense*	IUUAL Liability/(Surplus)*
The difference between the total liability for past service of all employees and the Plan's net position at a point in time.	The difference between the beginning net pension liability and the ending net pension liability for the period.	The balance of your initial unpooled, unfunded actuarial liability upon joining the consolidated plan, if applicable. This amount is not included in the Net Pension Liability.
\$1,203	\$314	(\$45,971)
(for approximation purposes only)	(for approximation purposes only)	

*Please note that these are approximations of amounts that will be required to be reported in your financial statements starting in FY2015. They are not new costs, and do not affect the way MainePERS calculates your annual contributions. There is no change in how your annual contributions are calculated.

MainePERS and our actuary will calculate and provide the necessary information for you and other employers in the PLD Consolidated Plan. We are also seeking ways to minimize the time, effort, and cost you need to expend to audit these numbers as they will now be part of your financial statement audit as well.

Finally, we want to clarify that the information contained in this letter applies only to your PLD Plan. Some employers in this Plan now pay for a portion of the pension expense of employees that are members of the State Employee and Teacher Retirement Program sponsored by the State of Maine. This letter does not apply to that expense, nor do the Net Pension Liability or Pension Expense estimates include this cost.

We understand these changes are complex and hope this information helps you understand the change you will see in your financial statements when GASB 68 takes effect. We will continue working with your staff to assist in this transition.

Please feel free to contact us with additional questions about the new reporting requirements through your staff or directly through Stephanie Fecteau, PLD Plan Administrator, at 800-451-9800 or by e-mail at stephanie.fecteau@mainepers.org.

Sincerely,

Sandy Matheson Executive Director
